MEMORANDUM FOR: Chief, SR/FI

SUBJECT: Developments in Project AEBATH

REFERENCE: EGMA-30793, 20 December 1957

1. It has been brought to my attention that in referenced dispatch the field has reported the terms of a ten-year lease on office space contracted for by AECAPELIN 1 in Munich. The dispatch further reports that \$594 (2,495 DMW) were spent in the initial costs such as key money, furnishings, etc.

2. This long-range plan for office space comes as something of a surprise in view of the fact that the renewal of Project AEBATH was contingent upon either resettlement of AECAPELIN in another area where he would be more operationally useful or termination within the renewal period. It would be appreciated if you would inform me whether the conditions of this operation have so changed as to warrant altering the approval recommendations. If there has been no such change, what will be done with the office space upon AECAPELIN 1's transfer or termination?
